DECISION

This decision is in response to applicants' "Renewed Petition Under 37 CFR 1.47(a)" filed 30 September 2004.

BACKGROUND

On 04 May 2004, a decision dismissing applicants' petition was mailed for failing to meet the requirements of item (4) of 37 CFR 1.47(a). Applicants were given two months to respond.

On 30 September 2004, applicants submitted the instant response which was accompanied by, *inter alia*, an executed declaration and a three-month extension with a \$950.00 extension fee.

DISCUSSION

In this renewed petition, the 37 CFR 1.47(a) applicant provided a new declaration signed by seven of the eight joint inventors. All joint inventors' names, residences, post office addresses and citizenship are recorded on the declaration as required by section 409.03(a) of the Manual of Patent Examining Procedure (MPEP). There are no alterations on any pages of the declaration. This declaration complies with 37 CFR 1.497(a) and (b). Item (4) of 37 CFR 1.47(a) is now satisfied.

All the requirements of 37 CFR 1.47(a) are complete.

CONCLUSION

Applicants' renewed petition under 37 CFR 1.47(a) is **GRANTED**.

Applicants have completed the requirements for acceptance under 35 U.S.C.

371(c). The application has an international filing date of 03 September 1999 under 35 U.S.C. 363, and a 35 U.S.C. 371 date of 30 September 2004.

As provided in 37 CFR 1.47(a), a notice of the filing of this application will be forwarded to the non-signing inventor at his last known address of record and will be published in the Official Gazette.

This application is being forwarded to the National Stage Processing Division of the Office of PCT Operations for continued processing.
